	(Check One)			(Check One)		
	<input checked="" type="checkbox"/> Altered	<input type="checkbox"/> Unaltered	<input type="checkbox"/> Moved	<input checked="" type="checkbox"/> Original Site		

DESCRIBE THE PRESENT AND ORIGINAL (if known) PHYSICAL APPEARANCE

This building, located on the corner is a three-story high, seven-bay wide building and has a flat roof. The main entrance is located on the left. To the right of the main entrance and at ground level is another entrance. The stoop which is brick with stone facing has a cast iron handrail and aluminum awning. The windows are one-over-one with flat arched brick lintels and flat stone sills. The third story windows have a stone stretcher course running along the top. The building is crowned by a wooden cornice with brackets which run the length of the building to the right of the main entrance there is a two story shingled bay window. A brick addition has been built on to the Calvert Street side. It is a large two story bay window with a wooden cornice. The windows are one-over-one with flat stone lintels and sills. The brick stretcher bond. The brick for the remainder of the building is constructed in English Bond.

This building at one time, in all probability had its entrance on N. Calvert Street. The cornice which runs the length and width of the building is particularly handsome. The alterations have been considerable, but the basic good design of the original structure comes through.
